<b>Total Payment DUE With Order</b>	

Due to the perishable nature of nursery stock and as we have no control over the weather or your choice of planting sites, times or techniques, the SWCD is **NOT** responsible for the condition of the trees and shrubs after being picked up by the customer or if picked up after the scheduled dates. There will be **NO refunds or replacement!** Seedlings must be kept moist in a cool, shaded area and planted as soon as weather and soil conditions permit. All trees and shrubs sold are to be used for effective conservation practices and will not be planted for ornamental purposes. Trees and shrubs will not be used for resale. This is in compliance with NYS Sale & Use Tax regulations, 20 NYCRR, Section 529.2(c). Orders will be filled on a **first come, first-served basis** as inventory is available. Supplies are limited and supplies are not guaranteed. **Orders received by February 28, 2020, will ensure the purchaser the best chances of product availability.**

No Deliveries! **Payment Due with Order!**

The District is able to **accept credit cards**. Please call or stop in to pay this way.

Make your **check or money order payable to Franklin County SWCD**.

## **Flower Mix Descriptions:**

Soil preparation is the most important step in obtaining success of your wildflower planting, whether it is a small garden or a large meadow. Remove all existing growth, either by hand, roto-tilling, rough or power raking. Till only deep enough to remove all old roots. Once your soil is prepared and free of previous growth, it's important to sow immediately. Sprinkle seeds in prepared area and cover loosely with soil. Keep the area moist until the plants are about 6" tall. It really is that easy!

### **Bug Repellent Wildflower & Herb Seed Mix –**

A great blend of annuals and perennial wildflowers and herbs that repel mosquitos and other pesky insects. It is a great addition around decks, patios and other outdoor areas to keep the insects away from your outdoor living areas. Hand packed with 100% pure, fresh seed (Non GMO - No fillers). This is a mix of 3 Annuals and 4 Perennials with long lasting blooms. This mix requires Sun to Partial Sun. Give back to nature with this gorgeous mix! It provides nectar and pollen to honey bees, wild bees and other pollinators while keeping the biting insects away.

Mix includes: Sweet Basil, French Marigold, Garland Daisy, Lemon Balm, Catnip, Lavender Hyssop and Wild Bergamont.

### **Cutflower/ Fragrant Wildflower Seed Mix –**

This beautiful cutflower fragrant mix has 20 wildflowers for cutting bouquets or for great aroma. Just what you want for bouquets in the house all summer long while adding a lovely scent to both home and garden. Also great for surrounding deck and patio areas. This is a mix of annuals and perennials. Hand packed with 100% pure, fresh wildflower seed (Non GMO - No fillers). Mix of 14 Annuals, 2 Biennials and 4 Perennials with long lasting bloom.

Mix includes: Blue Cornflower, Lace-Leaf Coreopsis, Plains Coreopsis, Rocket Larkspur, Sweet William, Purple Coneflower, Blanket Flower, Baby's Breath, Bird's Eye, Sweet Alyssum, Chinese Forget-me-not, Evening Scented Stock, Evening Primrose, Sweet Mignonette, Lemon Mint, Nasturtium, Gloriosa Daisy, Black-eyed Susan, Sweet Pea and Zinnia.

### **Deer Resistant Wildflower Seed Mix –**

This mix has 21 wildflowers that deer do not normally like to eat. Helps keep your garden in tact. This mix is both annuals and perennials but with a higher percentage of perennials. Also resistant to many varieties of small wildlife. Hand packed with 100% pure, fresh wildflower seed (Non GMO - No fillers). Mix of 7 Annuals, 2 Biennials and 12 Perennials with long lasting bloom.

Mix includes: Multi Cornflower, Shasta Daisy, Lance-leaf Coreopsis, Godetia, Soapwort, Scarlet Sage, Giant Larkspur, Blazing Star, Purple Coneflower, Orange Poppy, Blanket Flower, Columbine, Multi Poppy, Foxglove, Perennial Lupine, Red Poppy, Candytuft, Mexican Hat, Black-eyed Susan, Lemon Mint and Yellow Prairie Coneflower.

### **Deluxe Pollinator Wildflower Seed Mix –**

This is a standard regional mix with added treats such as late blooming perennials, natives and rare species that the standard regional mix does not have. Treats such as New England Aster, Perennial Sunflower, Showy Red Milkweed, Butterfly weed etc. GREAT FOR HONEYBEES, BUTTERFLIES & OTHER POLLINATORS!! You'll love it and so will everyone else! This mix is both annuals and perennials but with a higher percentage of perennials. Hand packed with 100% pure, fresh wildflower seed (Non GMO - No fillers). Mix of 10 Annuals, 3 Biennials and 14 Perennials with long lasting bloom.

Mix includes: Red Milkweed, Butterfly Weed, New England Aster, Multi Cornflower, Siberian Wallflower, Shasta Daisy, Lance-leaf Coreopsis, Plains Coreopsis, Wild Cosmos, Sulphur Cosmos, Giant Larkspur, Sweet William, Purple Coneflower, Orange Poppy, Blanket Flower, Baby's Breath, Wild Sunflower, Perennial Sunflower, Blazing Star, Blue Flax, Scarlet Flax, Perennial Lupine, Red Poppy, Purple Prairie Clover, Gloriosa Daisy, Black-eyed Susan and None-so-pretty.

### **Hummingbird/Butterfly Wildflower Seed Mix –**

This is a specifically designed mixture of 16 easy-to-grow wildflowers that butterflies and hummingbirds love. The mix is mostly wild annuals and a few perennials that hummers and butterflies find attractive, so bloom will begin just 3-4 weeks after sprouting. Hand packed with 100% pure, fresh wildflower seed (Non GMO - No fillers). Mix of 13 Annuals, 1 Biennial and 2 Perennials with long lasting bloom.

Mix includes: Wild Cosmos, Chinese Forget-me-not, Purple Coneflower, Baby's Breath, Rose Mallow, Baby Snapdragon, Arroyo Lupine, Lemon Mint, Red Poppy, Scarlet Sage, Dwarf Sunspot Sunflower, Black-eyed Susan, Non-so-pretty, Crimson Clover, Nasturtium, and Zinnia Mix.

*"Providing Today  
Protecting Tomorrow"*

**What to do with your trees when you get them:**

- Keep the roots damp (soaking in water could cause the plant to drown)
- If the roots look dry upon arrival dip them in a bucket of water and return them to the plastic bag they came in and tie the top of the bag closed
- Keep them in a cool dry place (in a garage or unheated basement is usually best)
- Do not allow the trees to be exposed to frost or freezing conditions, straw or hay can be used to protect the trees from being too cold but be careful not to allow the straw to suffocate the plants if it gets too warm
- Strawberry plants can be stored in the crisper drawer in your fridge until you are ready to plant them

**Planting Tips:**

- Plant before spring growth starts
- Do not plant if the ground is frozen or waterlogged
- Do not dig the holes until you are ready to plant (they are likely to become filled with rainwater and waterlogged)
- Dig a hole that will accommodate the roots comfortably with room to spare in every direction
- Loosen the soil at the bottom of the hole with a spade or fork
- Mulch the area around the tree after planting as this insulates the surface and prevents the risk of frost from penetrating and damaging roots
